

DRAINAGE MACHINE OPERATOR

We are seeking a drainage machine operator for our sister company, Sports Drain, who aim to be the leaders in sports turf drainage solutions in NSW.

The role offered is drainage machine operator, and is based in Sydney's North-West. Servicing a variety of clients throughout the Greater Sydney region and beyond, we will require you to have some flexibility regarding work hours and intrastate travel, as well as some weekend work.

The person we are seeking will need to be a fit, motivated, reliable team player, with good communication skills and an excellent work ethic.

Responsibilities:

You will be trained to operate laser guided subsurface drainage machines and other machinery to undertake the drainage works to the highest of standards. You will be required to perform onsite maintenance on machinery as required.

Essential Criteria:

- MR/HR licence essential – HC licence highly favourable
- WHS Whitecard
- Willingness to work hard
- Ability to communicate effectively with staff and clients

Desirable Criteria:

- Previous experience on similar equipment
- Mechanical ability highly regarded

We will offer training in all aspects of our service delivery with the opportunity to increase your skills. There is potential for advancement in the company for the right applicant.
